Project Name: ELIS Dredge Spoil Disposal SEIS	
Name: Dell Gould	
Person Called/Caller: Cathy LaBadia (follow upon an earlier voice mail left with her on 2/26/2015)	Date: 3/2/2015
Title/Organization: Archaeologist/ Connecticut SHPO	Time: 3:16pm
Phone Number: 860.256.2764	Length: 7 min
<p>Content of Call: Called to inquire regarding typical practices or guidelines followed by CT SHPO for avoidance of underwater resources. Cathy indicated that SHPO does not have a standard distance that they use, and given the infrequency of the need of avoidance of submerged resources, did not have any specific guidelines under development.</p> <p>Cathy indicated that each resource is typically treated on a case-by-case basis, and a minimum avoidance buffer, in the absence of additional information about the resource, would be 30 meters (100 feet).</p>
